About Rabet

Rabet platform enables you to view, test and utilize the API's of many major services in various sectors.

Rabet provides the direct electronic subscription through the platform, and then link it with your system to improve your business performance and have full digital services.
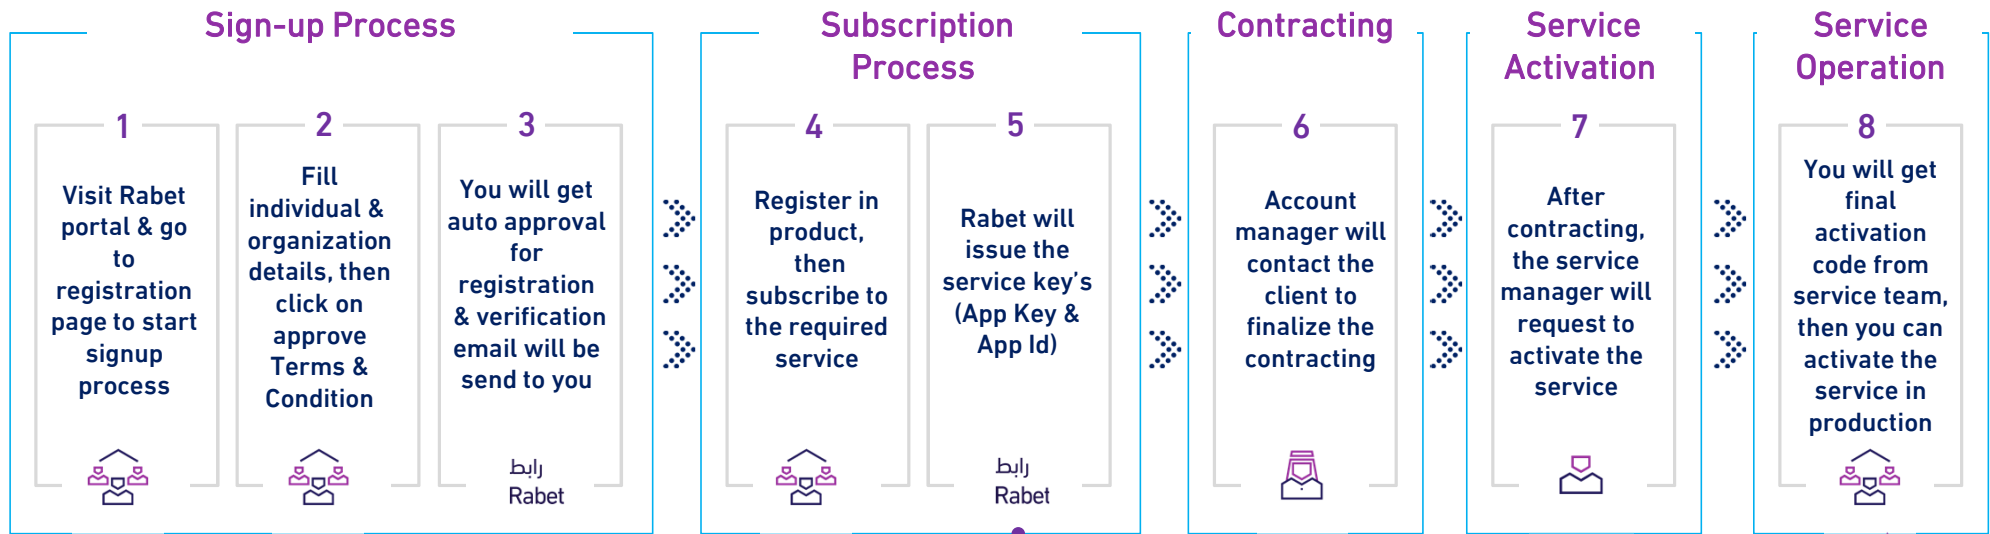

Rabet Clients

Rabet Registrants must be an authorized person in a commercial entity with a valid commercial record number, the client must provide all required information about the company otherwise the registration will be rejected.

Rabet is a developer portal designed to be utilized by developers so the main user should be a technical person with experience in API's utilization standards.

Frequently Asked Questions

I have a problem with accessing Rabet portal?

- The user IP address must be within Saudi Arabia.

**When I try to sign in Rabet Portal , I don't receive the activation code on my phone?**

- You must download (Google Authenticator) application on your mobile phone and you will receive the code through the application , not through the email or SMS.

I am trying t register my company in Rabet but I receive error message that the company registered before.

- If your company already registered, the system will not accept to register it again, The main user from your company can invite you and add you as additional user.

I got API Credential after subscription but service is not working

- You should sign the contract, after that the service manager will activate your subscription
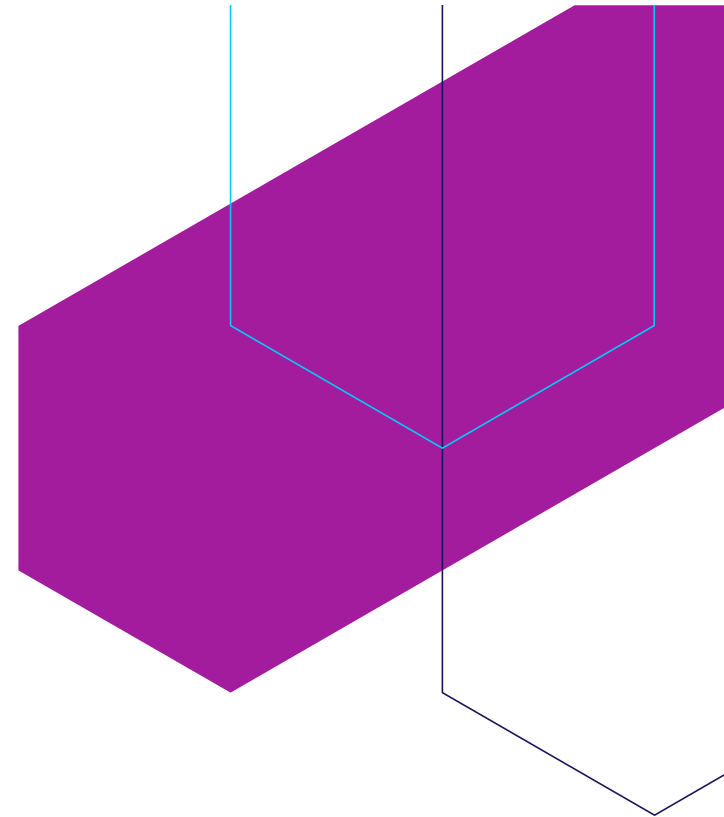

Try to hit API service but no response or error message appears

- Make sure your contract is still valid and you didn't reach service limit. Then contact your account manager.
- If the issue from the service it self please Contact us thru email (hd@elm.sa)

**Client subscribtion failure or delay on approve subscription**

- Contact your Account Manager.
- If you don't have Account Manager Contact us through email (hd@elm.sa)

In sign-up page , I added my Mobile number but didn't receive the OTP SMS

- You will receive OTP SMS on your Mobile number registered in Absher

Other issue

- Contact us through phone (920000356) or email (hd@elm.sa)
